PARTS LIST:

- A - Short End Frame Section
- B - Long End Frame Section
- C - Folding Cot and Frame

STEP 1 - Unfold cot.

STEP 2 - Fold down leg supports against bed section side frames.

STEP 3 - Pull frame slightly apart and stand on legs.

STEP 4 - With the cot frame half open, adjust the cot fabric so that it is centered on the frame. This allows the short end frame section to attach easily.

STEP 5 - Insert the short end section into the cot sleeve.

STEP 6 - Insert attached frame pins into corresponding holes on end sections to secure.

STEP 7 - Loosen the velcro on the other end of the cot. This allows you to avoid pinched fingers when assembling the end section when the cot fabric is too tight.

STEP 8 - Insert the long end section into the adjusted cot sleeve.

STEP 9 - Insert attached frame pins into corresponding holes on end sections to secure. Like step 6.

STEP 10 - Stand assembled cot on the short end section.

STEP 11 - To be comfortable the cot fabric must be under tension. Adjust the velcro to your liking.

STEP 12 - Enjoy!
