## Texsport presents Condor Tool & Knife!

With a lineage going back to 1787, Condor Tool & Knife is a world renowned cutlery manufacturer. Every knife, machete and axe is made to the highest standards, exceeding even the toughest military standards from countries around the world.

The highest quality materials are used and the end product is constantly checked. This allows the blades to be thinner and lighter while maintaining strength and flexibility!

Item Number	Name	Blade Material	Rockwell Hardness	Blade Finish	Blade Thickness	Blade Length	Overall Length	Weight	Handle Color	Rivet	Sheath Type
CTK230-4HC	NESSMUK KNIFE	1075 High Carbon Steel	52-55	Epoxy Powder Coated	1/8"	4"	8-3/4"	0.59 lbs	Walnut	Brass	Leather
CTK3104-HC	JUNGLE BOWIE	1075 High Carbon Steel	52-55	Epoxy Powder Coated	1/8"	6-5/16"	11-7/16"	0.84 lbs	Walnut	Brass	Leather
CTK236-4HC	BUSHCRAFT BASIC	1075 High Carbon Steel	52-55	Epoxy Powder Coated	1/8"	4"	8-1/4"	0.54 lbs	Walnut	Brass	Leather
CTK236-5HC	BUSHCRAFT BASIC	1075 High Carbon Steel	52-55	Epoxy Powder Coated	1/8"	5"	9-3/4"	0.66 lbs	Walnut	Brass	Leather
CTK490-13HC	KUKRI MACHETE	1075 High Carbon Steel	52-55	Epoxy Powder Coated	1/8"	13"	18"	1.63 lbs	Walnut	Brass	No Sheath
CTK227-15HC	BOLO MACHETE	1075 High Carbon Steel	52-55	Epoxy Powder Coated	3/32"	15"	20"	1.75 lbs	Poly	----	No Sheath
CTK4070EW	GREENLAND HATCHET	1045 High Carbon Steel	50-52	Etched Damascus	----	----	15"	3.12 lbs	Hardwood	----	No Sheath
CTK4050EW	MICHIGAN AXE	1045 High Carbon Steel	50-52	Etched Damascus	----	----	36"	6.67 lbs	Hardwood	----	No Sheath

### Blade Material:

- 1045/1075 High Carbon Steel is heat treated, hand finished and polished to razor sharpness.

### Rockwell Hardness:

- At 52-55 Rockwell (measure of hardness) each blade is strong enough for the toughest job and still able to be sharpened for continued use.

### Blade Finish:

- Epoxy Powder-Coated Black 2 for greater metal protection and a more subdued Para Military look.
- Etched Damascus Finish found on our axes helps to reduce surface friction. Adding this look also improves performance, doing more work with less effort.

# Camping Tools

**31737**

**Polished Steel Hand Axe**

- Polished dropped forged steel blade with flattened rear for hammering
- Heavy-duty steel handle with rubber grip
- P.V.C. sheath/insert

**31738**

**Camp Axe with Sheath**

- Drop forged head for strength and durability
- Flat back for hammering
- Extra strong polycarbonate handle
- Rugged oxford nylon sheath
- Hanging clam shell

**14095**

**Trekking Pole**

- Durable aluminum alloy construction with shock absorbing action
- Ideal for hiking, wading, etc.
- Three section pole extends from 27" to 52" long
- Ergonomic plastic handle and foam comfort grip
- Carbide steel tip with removable basket
- Red finish
- Hang tag

**31701**

**Canvas Axe Sheath**

**NOT AVAILABLE**

- Blade stitched and riveted for durability
- Attaches to pistol style or any standard belt

**15736**

**Deluxe Folding Saw**

- Lightweight and compact
- 8" SK-5 grade high carbon steel blade with multi-beveled teeth
- Plastic handle with patented thumb grip for secure hold
- Blister card

**14720**

**Bow Camp Saw**

- Tubular steel frame
- 15" blade has diamond sharpened teeth
- Chrome plated clamp style blade release
- Display sleeve

**15730**

**Folding Campers Saw**

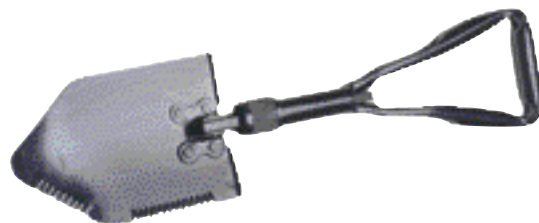

- Improved design
- 7" carbon steel blade folds into rugged plastic handle
- New locking mechanism securely locks saw blade into place
- Blister card

# Camping Tools

**31670**

## **Folding Pick Shovel**

- Rugged steel blade and pick with steel handle
- Twist lock secures shovel blade and pick quickly and safely

**31675**

## **Deluxe Folding Shovel**

- Constructed of the highest quality materials
- Extended length measures 23-1/2"
- Shovel folds down to a compact 9-1/2"

**31674**

## **Deluxe Folding Shovel (boxed)**

- Same features as 31675, except packed in a display box (not illustrated)

**31660**

## **Folding Shovel**

- Rugged G.I. design, with steel handle
- Large heavy-duty 8" x 6" blade
- Twist lock safely secures shovel blade in place

**31678**

## **Mini Folding Pick Shovel**

- Durable forged steel blade and pick
- Folds down to 6-3/4"
- Comfortable rubber grips
- Twist lock securely fastens pick and shovel blade in place
- Black nylon carry pouch
- Display box

**31677**

## **Folding Survival Shovel with Saw**

- Heavy-duty steel
- Extended shovel measures 24"
- Shovel folds to a compact 12-1/4"
- Handle unscrews to assemble a 5-1/2" blade saw
- Snap lock allows adjustment of shovel blade to pick
- Display box

**31800**

## **Machete and Sheath Combo**

- 18" forged steel blade
- Hard plastic handle with non-rust rivets
- Rugged canvas sheath
- Hanging clam shell

## **Steel Machetes**

- High-quality polished steel blades
- Rugged plastic handles feature non-slip finish
- Non-rust rivets
- **31900** .....18"
- **31910** .....22"

**31920**

## **G.I. Style Machete**

- 18" high-carbon flat black steel blade
- Hard plastic handle with non-rust rivets
